Mila J

You're so through, ain't answerin' questions about what I do  
And I'm over you trippin when I gotta call you  
I'm so cool, I can make moves and I ain't gotta deal with it no more

Can you call me yours? (No!)  
Is this good, get yours? (No!)  
And it's new, that I'm pushin' somethin' you can't afford? (No!)

So don't try to convince me you the one that I need  
Boy, you must be crazy, cause I'm (better)  
That's the way I be without you (better)  
Than all the mess you put me thru (better)  
But you never thought that I would move on with my life  
But I did much better than that  
Yes, I'm better, in bed, got my bread  
This man is better cause he does what he says  
But you never thought that I would be alright  
Boy without you in my life  
So much better

Wish that I could  
I ain't getting back with you  
But you thought that I would  
Boy, you never treated me like you should  
But it's all good, really all good  
And I ain't gotta deal with you no more

Can you call me yours? (No!)  
Is this good, get yours? (No!)  
And it's new, that I'm pushin' somethin' you can't afford? (No!)

So don't try to convince me you the one that I need  
Boy, you must be crazy, cause I'm (better)  
That's the way I be without you (better)  
Than all the mess you put me thru (better)  
But you never thought that I would move on with my life  
But I did much better than that  
Yes, I'm better, in bed, got my bread  
This man is better cause he does what he says  
But you never thought that I would be alright  
Boy without you in my life  
So much better

I gotta admit, you had your girl fall for a while  
Cause everything I did was about you  
And I almost gave up on my, my girls for you  
But them days are gone oh, weren't doing me wrong cause  
I can finally say that I'm through  
Ooh  
(Better without) ohh oh  
(Better without) Better than whatchu do do  
(Better without) I'm better, better  
(Better without) I'm better, I'm better

Oooh better  
That's the way I be without you (I'm so better off without ya)  
Than all the mess you put me thru (better)

But you never thought that I would move on with my life  
But I did much better than that  
Yes, I'm better, in bed, got my bread  
This man is better cause he does what he says  
But you never thought that I would be alright  
Boy without you in my life  
So much better
