

Big Plans

Mila J

Might not mean anything
But just the other day
I heard you say something
Something I never heard you say

We talking 'bout kids and marriage
We grown, that's what grown folk do
I thought you would know what it is
But apparently you don't 'cause you thought about you
When I said, "One day when we finally get married"
You looked at me and you said, "One day if we, like you didn't know we was"
I tried to leave all of this energy
But I can't seem to hide it, I'm over here tryna fight it

Ever since you said I and me
I been thinking what us, what we
Together was a big plan but lately
I been thinking what us, what we
Ever since you said I and me
I been was thinking what us, what we
Better have a big plan for me 'cause
I been thinking what us, what we
Better have big plans
Oh, I, oh, I
Big plans
Oh, I, oh, I
You better have big plans
Oh, I, oh, I
Big plans
Oh, I, oh, I, oh, I

Might not mean anything
But I just have to say it
I didn't need a wedding ring
I mean we could have went the simple way

We talking 'bout kids and marriage
We grown, that's what grown folk do
I thought you would know what it is
But apparently you don't 'cause you thought about you
When I said, "One day when we finally get married"
You looked at me and you said, "One day if we, like you didn't know we was"
I tried to leave all of this energy
But I can't seem to hide it, I'm over here tryna fight it

Ever since you said I and me
I been thinking what us, what we
Together was a big plan but lately
I been thinking what us, what we
Ever since you said I and me
I been thinking what us, what we
Better have a big plan for me
'cause I been thinking what us, what we
Better have big plans
Oh, I, oh, I
Big plans
Oh, I, oh, I

You better have big plans
Oh, I, oh, I
Big plans
Oh, I, oh, I, oh, I
