

# Coldest Shoulder in the West

Mila J

I just got a call from my ex  
He said he changed but I'm so not impressed (So not impressed)  
Don't love you more and I don't love you less  
If I don't pick up that don't mean you should text (Don't be that guy  
)

I got another call from my ex  
He said I'm lying if I don't miss him yet  
I ain't got time to lie, I miss you less  
Hearing you back then this is what he said, is what he said

He said I've got the coldest shoulder in the west  
He told me when it comes to leaving you're the best, when  
It comes to leaving you're the best  
I guess it was the best if nothing at all  
Not everybody gets to say they matter  
Coldest shoulder in the west  
He said I've got the coldest shoulder in the west  
He told me when it comes to leaving you're the best, when  
It comes to leaving you're the best  
I guess it was the best if nothing at all  
Not everybody gets to say they matter  
Coldest shoulder in the west

I just got a text from my ex  
He said "I know you know you're seeing this" (I know you're seeing this)  
See, I got respect for my ex  
Won't let him see me see him in his feelings (Ain't I the best)  
I ain't got nothing left  
Another day another text  
I'm like boy ain't you tired yet?  
And before he gave up this is what he said

He said I've got the coldest shoulder in the west  
He told me when it comes to leaving you're the best, when  
It comes to leaving you're the best  
I guess it was the best if nothing at all  
Not everybody gets to say they matter  
Coldest shoulder in the west  
He said I've got the coldest shoulder in the west  
He told me when it comes to leaving you're the best, when  
It comes to leaving you're the best  
I guess it was the best if nothing at all  
Not everybody gets to say they matter  
Coldest shoulder in the west  
He said I've got the coldest shoulder in the west  
He told me when it comes to leaving you're the best, when  
It comes to leaving you're the best  
I guess it was the best if nothing at all  
Not everybody gets to say they matter  
Coldest shoulder in the west
