

Crash

Mila J

I had to grow up fast, I had to grow up fast
The word you say so fast, to make the time go crash
I had to grow up fast, okay you blow your bag
Okay you think your bag will make me fall like that

I ain't with the shit, I ain't with the BS
I'mma keep my Xbox, you can keep the PS
You can keep the games but I'll keep my last name
You can keep the past, I keep my foot on the gas

I had to grow up fast, I had to grow up fast
The word you say so fast, to make the time go crash
I had to grow up fast, okay you blow your bag
Okay you think your bag will make me fall like that

Please stop saying that you're really ready
Please start showin' it
This ain't light, boy it's kinda heavy
When will you start knowin' it

I had to grow up fast, I had to grow up fast
The word you say so fast, to make the time go crash
I had to grow up fast, okay you blow your bag
Okay you think your bag will make me fall like that

But I ain't with the shit, I ain't with the BS
I'mma keep my Xbox, you can keep the PS
I had to grow up fast, I had to grow up fast
The word you say so fast, to make the time go crash
