

# Doomed

Mila J

Seeing is believing  
But you see the commitment  
And I know I know  
This love is so tempted  
It's like we got no place to go  
When we together, know we keep it, on the low  
And no-no-nobody knows  
And no-no-nobody knows  
If I could change you now  
I was to lose some way somehow  
But I will still do anything to hold you now  
I will still do anything to hold you now

Oh my my, a perfect lining  
Oh my my, unperfect time  
I think you're doomed just to let her  
I think you're doomed just to let her

I remember you was next up  
And I hope you felt you no pressure  
'Cause I know you just tryna get the rest of me  
But I don't wanna let you get the best of me  
I'm not gonna lie, lie, lie, lie, lie  
Ooh, you can't deny-ny-ny  
That I've been loving this hard all my life  
And ooh, you know you can't deny my vibe

Oh my my, a perfect lining  
Oh my my, unperfect time  
I think you're doomed just to let her  
I think you're doomed just to let her  
Oh my my, a perfect lining  
Oh my my, unperfect time  
I think you're doomed just to let her  
I think you're doomed just to let her

Oh my my, a perfect lining  
Oh my my, unperfect time  
I think you're doomed just to let her  
I think you're doomed just to let her

I'm not gonna lie, lie, lie, lie, lie  
Ooh, you can't deny-ny-ny  
That I've been loving this hard all my life  
And ooh, you know you can't deny my vibe  
I'm not gonna lie, lie, lie, lie, lie  
Ooh, you can't deny-ny-ny  
That I've been loving this hard all my life  
And ooh, you know you can't deny my vibe
