Mila J

Carrying the bags yeah  
While I'm poppin' all the tags yeah  
You know we gon' be down for life  
So you know I'm finna brag yeah  
You can't hold down what you don't see  
We runnin' out of time so we don't sleep  
Tryna kill my smooth  
Quick fast in a hurry  
Sip light in amaze yeah  
Two times before I'm popping tags yeah  
Know I tell 'em all the time; I'm the mans yeah  
Know I tell 'em all the time; I'm the mans yeah  
Just think, just imagine  
Give it to you all the time, just imagine  
Cumming at the same time, just imagine  
Yeah you have best time, big facts yeah

You got me drifting away with you  
Drifting with you, with you  
You got me drifting away with you  
Drifting with you, with you  
Body like Jenny from the block yeah  
One time to the head don't stop yeah  
Two pops in a row, pop, pop, yeah  
Two pops in a row, pop, pop, yeah  
You got me drifting away with you  
Drifting with you, with you  
You got me drifting away with you
