[?] click, spell check
Oh yeah, that's how you spell respect
You say you got good dick
And you wanna brag about it
[?] think I'm sayin' hell yeah but hell no
Baby, I'm not impressed
The reason why I move like this
It's 'cause I need you to give me your best
So if you can't move like I need you to
I'll teach you how to step

I'll hop the left two times
You slide to the right one time
I'll move forward you fall back
You don't even need rhythm for that
I'll hop the left two times
You slide to the right one time
Turn around don't come back
You don't even need rhythm for that

See that, there you have it, you the man
I'll give you your own dance
Get to steppin', do the dance
I just wanna see you do the dance
Do the dance, do the dance, do the dance
Everybody watchin' baby do the dance
I'll move forward you fall back
You don't even need rhythm for that
I'ma have to say it like this
2 or 3 times so you get it like that
Oh hell yeah, baby that's how you say respect
The reason why I move like this
It's 'cause I need you to give me your best
So if you can't move like I need you to
I'll teach you how to step
