Mila J

I'm just gonna tell this how it is  
Everybody's like they been through something  
Nobody gon' tell you when it's happening  
It could be right now, you act like it ain't nothing  
Keep it a stack, you can't afford that  
You want it so bad, you know you want it so bad  
So what you gon' do for that?  
What would you go through for that?  
Girl he don't know you like that  
You let him hold you like that

You wanted Nobu so bad  
You got an expensive taste  
You let a fuckboi pull up  
Just 'cause he parking [?]  
You wanted Nobu so bad  
You couldn't wait for you pay  
That nigga think he your boss  
You don't know what you just say

You's a thot, thot, thot, thot  
Stop acting like a baddie  
Thot, thot, thot, thot  
Stop, acting like a baddie

You wanted Nobu so bad  
So bad, so bad, so bad, so bad  
You wanted Nobu so bad  
So bad, so bad, so bad, so bad

He know you was texting all your friends  
Acting like his money was already in your hands  
When you say something like "you ain't like them other girls"  
And he thinks something like "you just like them other girls"  
'Cause you can't afford that  
What would you go through for that?  
Girl he don't know you like that  
You let him hold you like that

You wanted Nobu so bad  
You got an expensive taste  
You let a fuckboi pull up  
Just 'cause he parking [?]  
You wanted Nobu so bad  
You couldn't wait for you pay  
That nigga think he your boss  
You don't know what you just say

You's a thot, thot, thot, thot  
Stop acting like a baddie  
Thot, thot, thot, thot  
Stop, acting like a baddie

You wanted Nobu so bad  
So bad, so bad, so bad, so bad  
You wanted Nobu so bad  
So bad, so bad, so bad, so bad
