

# Obsessive

Mila J

I'm lost within my mental  
I know it's just so simple  
Lost within these sheets I know I should go  
But I won't tho  
It comes to say it's hard now  
These feelings overnight how  
Pours down over you like rain but I like how it feels now  
This conversation now will be perceived yeah  
As a tool for you, for you, to get to me yeah

But that red wine  
Taste so good yeah  
With your scent babe  
Like I knew it would  
Watch me move down, and hold it down for ya  
Your mind turns me on for like days and ah  
I'm obsessive over thoughts I even pray for ya  
My daddy raised me well I got brain for ya  
Yeah I like it  
But you, you like it  
Yeah, I like it  
But you, you like it

Come kiss me for the kill now  
Your body's over me now  
Focus on me nigga wait on me let's just make it last  
Received a good reaction  
Simple satisfaction  
Fuck me to the rhythm make me cum before we start yeah

But that red wine  
Taste so good yeah  
With your scent babe  
Like I knew it would  
Watch me move down, and hold it down for ya  
Your mind turns me on for like days and ah  
I'm obsessive over thoughts I even pray for ya  
My daddy raised me well I got brain for ya  
Yeah I like it  
But you, you like it  
Yeah, I like it  
But you, you like it
