

## Pray

Mila J

As I lay me down  
I close my eyes and pray  
I know a whole lot coulda went down  
But I made it home safe, I'm okay

Even on a perfect day I find a way to say sorry  
Long as on the worst days I find a way to say thank you  
And when a day's only okay I don't complain, I just pray  
I pray

When you wake me up  
I open my eyes and say  
Thank You, God, for the chance  
I get to see another day  
Forever and always  
Is what you promised me  
My heart won't go empty  
As long as you with me

As I lay me down  
From the morning to the night  
I need you by my side  
Lord, When I call out your name  
You always come  
And make it okay  
You make it okay

Even on a perfect day I find a way to say sorry  
Long as on the worst days I find a way to say thank you  
And when a day's only okay I don't complain, I just pray  
I pray
