No I don't miss him anymore
I've been thinking 'bout him?
Nah
I change the subject now let me tell you the plot
Got my fist up for my sisters who ain't settling for less
I know I'm the best
You ain't gotta, you ain't gotta, you ain't gotta love me back
You ain't gotta, try no more
You ain't gotta find no one tonight
You ain't gotta, you ain't gotta give a fuck
But I'm about to give it up
You ain't gotta go no where
Everything you deserve is right there
Right there where you are
All alone because it's true
I will be right there
Right there where you are
If you only knew

How to get the girl
And keep her too
I won't waste no time with you
'Cause I require the best, of your love
I require the best, of your love
I require the best, of your love
These are my requirements
Please meet my requirements

Oh, oh, oh, oh, oh
