

Run Forrest

Mila J

Yeah, yeah

Yeah, hey

As stupid as stupid does

But stupid is

And as stupid was

I gotta forget him

So run forest

I've been told a million lies 'bout a million times before

Waiting for some facts by the motherfucking door, but still

I think I'm ready

'Cause I can't stop the April showers, not from pouring

I think I flopped

'Cause the single life was sleeping boring

So listen love

I'll do anything for you

Even if the past is the only thing we have boy, I'd fall in the
spring for you

'Cause I'm sprung, I sprung in the spring for you

I'm so sprung, I sprung in the spring for you

I'm sprung, I sprung in the spring for you

I'm so sprung, I sprung in the spring for you

All you need, yeah, yeah

Cause I think I'm ready, yeah, yeah

As stupid as stupid does

But stupid is

And as stupid was

I gotta get better
