

SIMPLE MATH

Mila J

Life without you is like a car with no gas, going fast
Tryna make it to my ex and I just want this thing to last
I don't wanna crash (or break down)
It's true that I thought the life without you was like the number two
When they find out they could take away the one, just for math
I think I'm gonna skip that class
I don't wanna miss my other half

Love you, love you, love you like I do
Always wanna fuck you like I do
Tell me who thinks of you like I do
That's why you can't tell me what I would do
Without you, I can't be without you
I can't be without my other half
It's just simple math, yeah...
It's just simple math
