

Smile

Mila J

I will try to hold your hand to these times but I can't
I be know you'll supposed to be showin' you're the man
And I can't feel sorry for you, you had your chance
See I'm currently crawling, I can't help you stand
I'm not being me

I'm just sure you'll find a way to see my face, however you can
I'm not being me
If you miss me you'll know where to find me, but let's post on
Instagram

Now watch smile for the camera, smile
Go wild for the camera, wild
Watch me dance for the camera, shake some
Watch me smile for the camera
I hope you find a way to smile

I will normally nurse you back to life like the baby you are
But the only problem is ain't no cures for your broken heart
Maybe one day you'll thank me for leaving you here in the dark
I will like to believe you'll be fine, as fine as you are
I'm not being me

I'm just sure you'll find a way to see my face, however you can
I'm not being me
If you miss me you'll know where to find me, but let's post on
Instagram

Now watch smile for the camera, smile
Go wild for the camera, wild
Watch me dance for the camera, shake some
Watch me smile for the camera
I hope you find a way to smile
