

Somehow Someway

Mila J

I just know you're gonna make it somehow
I just know you're gonna do it someday
Don't know how but I was thinking somehow
You would find it in your heart to say

I'm over you
Not because you wanted this
But because it's true
Yesterday I kinda knew
But now I'm sure, babe
I'm not in love with you anymore

Somehow someday
Somehow someday

Don't ask me for no directions right now
'Cause you should have learned your lesson that day
So I hope find your exit right now
You can call me when you're ready to say

I'm over you
Not because you wanted this
But because it's true
Yesterday I kinda knew
But now I'm sure, babe
I'm not in love with you anymore

Somehow someday
Somehow someday

Somehow someday
Somehow someday
