

This Month

Mila J

That lucky guy is going home with her
They sign the check
While I order one more round of dark liquor
I think dark liquor's the best
Oh shit is this nigga taking a knee?
I hope she says yes
But there's just too much love in the air right now
Right now bartender, right now
Po' up a shot
So I could be gone
So I could leave here before the DJ plays this song
So nobody else could wonder why the pretty girl's alone
I hope you know
That when you ain't in love
This month could fucking suck

Now let the Church say
Ahhhh, Amen
Let the Church say
Ahhhh, Amen
Let the Church say
Ahhhh, Amen
Let the Church say
Ahhhh, Amen
