

Animal

MILCK

Everything's alive and wild and dying
There's beauty in the sweat, the blood, and the crying
I played house for a while and I got lost in the trying
Ooh since I was a child I've been fighting

I am an animal there's an animal inside
My wild's undeniable
A miracle
A mess
Ethereal
Blood and flesh
I'm an animal

Our stories and plans are so defining
The future and the past are both bad timing
Blind folded promises, in a rush to make it last
I couldn't marry him that fall
The leaves were changin, reminding me that

I am an animal
My wild is undeniable
A miracle
A mess
Ethereal
Blood and flesh
I'm an animal

My body's soft
My teeth can cut
The animal is in all of us

I am an animal
My wild is undeniable
A miracle
A mess
Ethereal
Blood and flesh
I'm an animal
