

Closer

MILCK

When it's hard to see
When we disagree
When the voice inside your head says you better start running
Come a little closer
Come a little closer
To me
Ooh ooh

When words hit like stones
Hit too close to home
When we've gone too far and forgiveness feels impossible
Come a little closer
Come a little closer
To me
Ooh ooh

So let's cut ourselves wide open
Go deeper than before
Lean into the weird and ugly
Til they're not secrets anymore, woah
Don't want no secrets no more
Come a little closer
Come a little closer
To me...

Lets go deeper
Deeper than before
Till our secrets aren't secrets anymore
Lets go deeper
Deeper than before
Till our secrets aren't secrets anymore

Come a little closer
Come a little closer
Come a little closer
Ooh ooh
To me
