

## Gold

MILCK

Come on, look in me in the eye  
See everything that I survived  
See my history is deep  
That's what makes me me  
And I'll do the same for you  
Tell me 'bout what you've been through  
When we've been down in the mud  
We know better than to judge

Don't mistake my confidence for arrogance  
Don't mistake my self-respect for disrespect, 'cause it  
Took me years to turn these tears from water into gold  
Yeah, I worked for it, I'm proud of it, darlin' darlin'

Sorrow into bold pain is beautiful  
When it makes you grow, turn these tears to gold (gold!)

I lay my hands on the world  
And I say, "Tell me where it hurts"  
Everywhere that I can see  
Somebody's tryna get free  
And if I put myself first  
Don't mean I'll kick you to the curb  
I wanna shine bright, and you can shine bright  
And we'll light up the sky, so

Don't mistake my confidence for arrogance  
Don't mistake my self-respect for disrespect, 'cause it  
Took me years to turn these tears from water into gold  
Yeah, I worked for it, I'm proud of it, darlin' darlin'

Sorrow into bold pain is beautiful  
When it makes you grow, turn these tears to gold (gold!)  
Sorrow into bold pain is beautiful  
When it makes you grow, turn these tears to gold (gold!)

Turn these tears to gold (gold!)  
Turn these tears to gold (gold!)

Come on, look in me in the eye  
See everything that I survived  
See my history is deep  
That's what makes me me (gold!)

Don't mistake my confidence for arrogance  
Don't mistake my self-respect for disrespect, 'cause it  
Took me years to turn these tears from water into gold  
Yeah, I worked for it, I'm proud of it, darlin' darlin'

Sorrow into bold pain is beautiful  
When it makes you grow, turn these tears to gold (gold!)  
Sorrow into bold pain is beautiful  
When it makes you grow, turn these tears to gold (gold!)

Turn these tears to gold  
Turn these tears to gold  
Turn these tears to gold (gold!)

Turn these tears to gold  
Turn these tears to gold
