

Monster

MILCK

Mercy, mercy
Chains all wrapped around me, around me
Try to break free from the darker part of me
Mercy, mercy, please

I forget myself and my good nature
When I let temptation get the better of me
Oh, mercy me

All I see (monster)
Is a monster in me
All I see (monster)
Is a monster in me

She is made of skeletons
I tried to bury long ago
Her fingers always on the trigger
Oh, no, no, no

All I see (monster)
Is a monster in me
All I see (monster)
Is a monster in me

(Oh monster, oh monster)
(Oh monster, oh monster)

The monster is me

(Oh monster, oh monster)
(Oh monster, oh monster)

I want to be the hero you need
I want to be brave, I want to believe
But I take all the light and make it go black
Who could love somebody like that?

All I see
Is a monster in me
All I see (monster)
Is a monster in me, me

(Oh monster, oh monster)
That monster is me
(Oh monster, oh monster)

All I see is a monster
A monster, in me
