MILCK

Take the power back baby
Fall so in love with your inner lady
No sense chasing what you could've been
Let these battles make a champion

Say hello like it's the first time that you met
You're so beautiful I won't leave you again

Oooh
I'm finally seeing who I am
Ooh
I hold my heart in my own hands
I feel the power coming back

Power! Power!

No matter your features
We're all the same tender loving creatures
Taking steps upon the earth
Don't need anyone to tell you what you're worth

Say hello like it's the first time that you met
You're so beautiful I won't leave you again

Oooh
I'm finally seeing who I am
Ooh
I hold my heart in my own hands
I feel the power coming back

Power! Power!

Say hello if it's the first time that you've met
She's so beautiful learn to love her again

Power! Power!
Power! Power!
Power! Power!
Power! Power!
