

We Won't Go Back

MILCK

We won't go back
We won't go back
We won't go back
We won't go back
We won't go back
We won't go back
We won't go back
We won't go back
We won't go back
We won't go back

My body is a revolution
What I do should be my own choosin
We won't go back
We won't we won't we won't we won't go back
We won't go back
We honor those who fought before us
They give us strength as we push forward
We won't go back
We won't we won't we won't we won't go back
We won't go back
Hey!

We are the voices
We are the truth
Cuz we make the future
Hey!
We are the voices
We are the truth
We won't go back, we won't!
Cuz we make the future

Those "good old days" are an illusion
Nothing you do can stop the movement
We won't go back
We won't we won't we won't we won't go back
We won't go back
I am a human, I am sacred
More than a vessel of your making
We won't go back
We won't we won't we won't we won't go back
We won't go back

Hey!
We are the voices
We are the truth
Cuz we make the future
Hey!
We are the voices
We are the truth
We won't go back we won't
Cuz we make the future

We won't go back
We won't go back
We won't go back
We won't go back

We won't
(Can't deny it, can't deny it)

Raise our voice
Till you can't deny it
Raise our voice
Till you can't deny it
(I wanna raise our voice, I wanna raise our voice)

We won't go back
We won't
(Can't deny it, can't deny it)

Raise our voice
Till you can't deny it
Raise our voice
Till you can't deny it

We won't go back
We won't
(Can't deny it, can't deny it)

We won't go (mm)
We won't go (mm)
