Mild Orange

Sometimes you gotta run to
Run to your biggest fears
You gotta carry on
Carry on my dear

We all seek inner peace
But I'm afraid
Am I out of my mind?

Sometimes you gotta run to
Run to your biggest fears
You gotta carry on
Carry on my dear

Don't be afraid
Of things not working out
To be comfortable
Will not leave you satisfied

Sometimes you gotta run to
Run to your biggest fears
You gotta carry on
Carry on my dear
You know the path to the darkside
Is held in fear
Sometimes you gotta run to
Run to your biggest fears

Sometimes you gotta run to
Run to your biggest fears
You gotta carry on
Carry on my dear
You know the path to the darkside
Is held in fear
Sometimes you gotta run to
Run to your biggest fears
