

# Freak In Me

Mild Orange

Oh lately,  
I'll think of you lots  
'Cause my mind's in circles for you  
Please connect the dots

And bring me, bring me to you  
'Cause you bring out the freak in me  
It's only for you  
Just you

So kiss me  
There's something in the air  
And whether it's love or lust  
Should we care?

And bring me, bring me to you  
'Cause you bring out the freak in me  
It's only for you  
Just you

'Cause you  
You bring out the freak in me  
A side that only you could see  
'Cause you  
You bring out the freak in me  
A side that only you could see
