

# Losing Time

Mild Orange

(Time...)

You hardly find in your mind  
The time to relax and recline and unwind  
The time to see and fly  
As though your life, is loved living in two

Sink or swim, then you will find that  
You can provide in your mind  
The things to  
Think and find in your life, you love living in tune

Losing time  
You're moving through my mind, I know  
Come on baby, let's get crazy  
Shake me, I know  
Oh maybe there's a reason you could call this home  
Then you'll see in time that I will know

You hardly find in your mind  
The time to relax and recline and unwind  
The time to losing flight  
Though you're life, you love living in two

Sink or swim  
Then you will find that you can rewind  
Through your mind  
To think to losing time  
Though your life, you loved living in tune

You hardly find in your mind  
The time to relax and recline and unwind  
The time to losing flight  
As though your life, you loved living in two

Sink or swim  
Then you will find that you can rewind  
Through your mind  
To think to losing time  
Though your life, you love living in two

Losing time  
Losing touch  
Yeah you find  
Yeah you feel  
That you've arrived into your mind  
Losing time
