

Right or Wrong

Mild Orange

Keep drifting away
Like a tide high to low
Keep me at bay
With your lighthouse on

We won't stray
Even with an undertow
Just keep up your glow
And your silver tone

We'll make this house our home

Try to relate
With a snow-covered field
And two fox
In their little hole

No need
To go outside
We're so warm
Just be like a li-lo

We'll make this house our home
Whether we're right or wrong

Lately I feel at home
Lately I feel at home
Home, home, home, home
