

## Selfish Lover

Mild Orange

I love you  
Yeah, I love you

Well I swear to God that I need ya  
And all your little quirks too  
Well after all, it's what made me fall for you  
Yeah I'm quite strange too

Well I'll think of the places you want to go  
Yeah I'm thinking tomorrow  
Oh and where are we going to steer this ship?  
'Cause without you I can't handle it

Well maybe I'm a selfish lover, huh  
The last heart you'll uncover  
Or maybe you're a selfish lover, huh?  
And I'll never love no other

Or maybe I'm a selfish lover, huh  
And you'll never love no other  
Or maybe you're a selfish lover, huh?  
The last heart I'll uncover
