Mild Orange

Share this dance with me
Grab ahold of me
Right now
Share this dance with me
Tonight
We'll find ourselves in a dream
You'll see

Burning for 'ya
I adore 'ya

So share this dance with me
Last all night
And dreaming for our lives
And grip my hand and lock eyes
You're the special one
There's special things about you

You often seen
The light in me
Oh yeah, you heard me right
I loved you from first sight

And then I breathe
Your love in me
Oh yeah, you heard me right
I loved you from first sight

Burning for 'ya
I adore 'ya
Share this dance with me
