

## Silver Star

Mild Orange

I've never seen heart like yours  
Like yours that I've seen here  
Doubles down in it's care  
You keep us rolling on

And I just wanna ride with you  
I know we can hold our own  
Mustangs don't roam alone  
Unbridled and so am I

There's a silver star that glows  
Keeps us riding along  
A road less known

Yeah we keep hearing the call of the wind  
Heard it in the city we found  
Lets not forget to lose ourselves  
From time to time

Go on, stay wide eyed in your wild stride  
And I promised we'd always get you home  
Mustangs don't roam alone  
And shit works out in the end

There's a silver star that glows  
Keeps us riding along

And for every minor setback  
We'll bring a major comeback  
Oh hold on for a moment  
And another, and another

You don't come this far along  
Just to come this far along  
The road less known

We'll walk down the streets and smile  
And like Van said "when the healing has begun"  
And I know you're an unknown legend in your own right  
Just wait til they find out

The worlds gonna know your grace  
You were born with a smile on your face  
Turn up the dials  
Midnight oil to burn  
Stretch the frequencies of this world  
And let it be in style

There's a silver star that glows  
On the road less known

There's a silver star that glows  
For the road less known

Like I said...  
Mustangs don't roam alone  
Mustangs don't roam alone

Mustangs don't roam alone  
On the road less known

Mustangs don't roam alone  
Mustangs don't roam alone  
Mustangs don't roam alone  
On the road less known

Mustangs don't roam alone  
Mustangs don't roam alone  
Mustangs don't roam alone  
On the road less known

Mustangs don't roam alone  
Mustangs don't roam alone  
Mustangs don't roam alone  
On the road less known

There's a star that shines and glows  
For you and I we follow  
Mustangs don't roam alone  
On the road less known

Didn't come this far along (just to come)  
Just to come this far along  
Mustangs don't roam alone  
On the road less known
