Mild Orange

Time and now I'm feeling
You know how I'm acting, it's not cool
So take another look and you'll find that
I'll just care for you

I'm feeling up, I'm feeling down
Just call me, baby, and I will be around
You pick me up, you put me down
But call me, baby, and I will be around

La da da, I'm feeling down
Call me, baby, and I'll be around
Left locked out, I'm feeling down
Just call me, baby

I'm feeling up, I'm feeling down
Just call me, baby, and I will be around
You pick me up, you put me down
But call me, baby, and I will be around

I'm feeling up, I'm feeling down
Just call me, baby, and I will be around
You pick me up, you put me down
But call me, baby, and I will be around
