

What's Your Fire?

Mild Orange

Fallen angel
It's alright
Pick up your halo
You're doing fine

Earth angel
Humankind
So destructive
Still beauty to find

Don't tell me
"That's the way it is"
How's that constructive?
Ignorance ain't bliss

Well hey
Look and you'll find
There's a lot going on
That could use your voice
But it won't change
Unless you sing out loud

'Cause hey
What's new?
Is there something?
Is there something?

Well hey
What's good?
Is there something?
Is there something I can do

Who are you?
What's your fire?
Who are you?
What's your fire?

Well hey
What's new?
Is there something?
Is there something?

Well hey
What's good?
Is there something?
Is there something?

Well hey
What's new?
Is there something
Is there something
I can do?
