

Outrage

Miles Away

Can't avoid it enrage me
cross the line i won't stay still
got the bottle i'll outrage you
you're just a person that don't phase me

anytime you engage me
don't think that i won't fucking face you
every time you make me crazy
don't think that i'll keep it shut

can't avoid it enrage me
cross the line i won't stay still
got the bottle i'll outrage you
you're just a person that don't phase me
