

## Blue Skies

Miles Kane

Gone are the dark days  
That once kept me down  
All of the dark clouds  
That once hung around  
I used to be so low  
With tears in my eyes  
Till you came along  
It's such a lovely surprise  
Blue skies, blue skies

You are the reason  
I wait for the sun  
My saving grace  
Darling, you are the one  
Blue skies, blue skies  
Blue skies, three, six, five, I'm only seeing blues skies

Three, six, five, I'm only seeing blues skies  
Fly like an eagle  
Float like a dove  
You are an angel  
From heaven above  
Blue skies, blue skies  
Blue skies, three, six, five, I'm only seeing blues skies

Blue skies, blue skies  
Blue skies, blue skies  
Blue skies, blue skies  
Blue skies
