

# Take the Night From Me

Miles Kane

**A D**

1. I've been searching for love  
I'm sorry I escaped you  
I wonder how I will end  
For now, I'll carry to push on through  
And bite my jealous lip  
And hope to turn it to a kiss

**A C#m D Bm**

- R: Take this night from me girl  
You're stunningly divine  
Take this night from me girl  
You're the love I've been searching for  
'Cause I will be true, I will be faithful  
And that's not like me  
So take the night from me
2. And now my worried concave of thoughts  
Won't linger anymore  
Because I've been trying my best  
Yet still I've been skipping through my years  
To cover my sacred tears,  
Ready for the heartaches and fears
- R: Take this night from me girl  
You're stunningly divine  
Take this night from me girl  
You're the love I've been searching for  
'Cause I will be true, I will be faithful  
And that's not like me  
So take the night from me  
Take it from me  
And then darling you will ask me where I've been  
Take it from me  
Take it from me  
Take it from me  
Take it from me
