

Wrong Side of Life

Miles Kane

...There's the water, the water
You're just my mirage

I was sitting all alone
I pulled the rug from you
I put the holy ghost to watch over you
Baby I'm on fire, maybe I'm a liar
Baby I would die for you
Oh, how I feel, I feel you don't love me no more

Whenever you love, whatever you leave
It's such a dirty, dirty, I would need
Whatever the situation, baby, I'll be there on my knees
Oh, not getting enough, yeah

I was sitting on the throne
Like Mark Antony, I'd die for you
Mark Antony's high for you, I'm back for you, oh I'm a wreck
I'm sitting all alone, I feel like I'm fighting for you
I just wanna fight with you, get high with you, losing control

Whenever you love, whatever you leave
It's such a dirty, dirty, I would need
Whatever the situation, baby, I'll be there on my knees
Oh, not getting enough, yeah

Oh, oh baby, I just wanna tell you one thing, I'll tell it just
like it is
Oh, I don't want, I don't want no more fighting, no more hurtin
g, baby
I just want to, oh, I just need you
No more fighting, no more hurting, no more hurting, yeah
Oh, no more, no more, I'm just here for you
I'm your man
