

Barefoot Cinderella

Miley Cyrus

Every morning I wake up to find
I always dream the same
Every night I come to my window
When you call my name
I love the way the words you say
Just fall like rain
'Till I'm drowning
In the sound of your
Invitation

(Refrém)

When you ask do you wanna dance
My barefoot Cinderella
Don't need no slippers or a party dress
The way you're lookin' right now's
What I like the best
And then you'll
Say do you wanna take a chance
And stay with me forever
No one'll ever be more beautiful
My barefoot, barefoot Cinderella

A dream world is always perfect
But that's not my real life
I wish you did but you don't know
The me I am inside
I pray that you'll come looking
And I won't hide
I'll be smiling
When you find me
'Cause I've been waiting
For you to ask

(Refrém)

Do you wanna dance
My barefoot Cinderella
Don't need no slippers or a party dress
The way you're lookin' right now's
What I like the best
And then you'll
Say do you wanna take a chance
And stay with me forever
No one'll ever be more beautiful
My barefoot, barefoot Cinderella

When I close my eyes it starts, yeah
Like a movie for my heart
Here comes my favorite part
Yeah, yeah, oh

(Refrém)

When you ask do you wanna dance
My barefoot Cinderella
Don't need no slippers or a party dress
You're what I like the best
And then you'll
Say do you wanna take a chance

And stay with me forever
No one'll ever be more beautiful, Cinderella

(Refrém)

When you ask do you wanna dance
My barefoot Cinderella
Don't need no slippers or a party dress
The way you're lookin' right now's
What I like the best
And then you'll
Say do you wanna take a chance
And stay with me forever
No one'll ever be more beautiful
My barefoot, barefoot Cinderella
