

# Mustang

Miley Cyrus

You drive a classic Mustang  
The ones with the stock wheels you didn't change  
Plus it has a new system that bangs  
It makes me say "daaang"  
Will you take me for a spin?  
In your classic Mustang  
Make your driveway look like a picture frame  
Plus you got that nice leather with no stains  
Smell like daaang  
Will you take me for a spin?  
Beep beep  
What is just happening?  
Who is this guy?  
I think he really turns me on  
Everything is classic, no need to ask why  
Where do I sign? I'm gone  
Like where was he raised?  
What kind of game he plays?  
Well, none would be my choice  
I ask him 'bout his swagger  
He didn't knew what that was  
He said it sounds like swagger is for boys  
My daddy likes you  
You make me feel alive  
My daddy likes you  
I'd never say goodbye  
My daddy likes you  
My daddy likes you  
My daddy likes you  
So why did you throw a fit?  
My daddy likes you  
You cursed a little bit  
My daddy likes you  
I still put up with your shit  
But my daddy likes you  
My daddy likes you  
My daddy likes you  
You drive a classic Mustang  
The ones with the stock wheels you didn't change  
Plus it has a new system that bangs  
It makes me say "daaang"  
Will you take me for a spin?  
In your classic Mustang  
Make your driveway look like a picture frame  
Plus you got that nice leather with no stains  
Smell like daaang  
Will you take me for a spin?
