

Pablow The Blowfish

Miley Cyrus

How can I love someone I never touched?
You lived under the water, but I love you so much
You never been on land, and you never seen the sky
You don't know what a cloud is
Why does everything I love have to die?
They all wanted to see you be as big as you could be
But I couldn't let that be
By keeping you small, by keeping you safe
If I could do it again, I'd release you to sea
Cause I can't bear to see
Something so wild just die in a tank

And Pablow the blowfish
I miss you so much
And Pablow the blowfish
I miss you so bad

On Saturday night, we all went out to eat
But I can never decide, so someone chose sushi
I got soup, and I ordered rice
But watching my friends eat my friends, ruined my appetite

Oh, Pablow the blowfish
If they only knew you like I do
They'd love you too
And Pablow the blowfish
I miss you so bad

I won't forget, even one second we had
Cause you might be gone, but you could never be dead
I heard of a seahorse named Sadie
I heard she was quite the lady
Maybe you'll find her and you could make babies
That'd be kind of crazy

If Pablow the blowfish
Found love deep in the sea
Then that would mean
Pablow the blowfish
Is better off than here with me

But Pablow the blowfish
I miss you so bad
