

Restlessness

Miley Cyrus

Good morning midnight
Hello again.
If I don't close my eyes
Days never end.
Tick tick tock tock
Who's keeping time?
Throw away the stop watch

Loosing my mind?
I'm so fixed on, this high
That I found,
Once you touch the sky
There is no coming down...

Seconds turn to minutes,
And the minutes turn to hours,
And the hours turn to days,
And the world goes round
(And round)

chorus
The restlessness
You're in my head
I cannot get you out
Hot on my lips
Taste of your kiss
I just can't live without
The restlessness(8x)

Good morning sunshine,
You strike a match
And until the twilight,
Brigthen the black
Wide awake,
But sometimes it seems
Like I'm running backwards
Lost in a dream.
I'm so fixed on, this high,
That I found
Once you touch the sky
There is no coming down...

Seconds turn to minutes,
And the minutes turn to hours,
And the hours turn to days,
And the world goes round
(And round)

Refren:
The restlessness
You're in my head
I cannot get you out
Hot on my lips
Taste of your kiss
I just can't live without
The restlessness(8x)

Seconds turn to minutes,
And the minutes turn to hours,
And the hours turn to days,
And the world goes round
(And round)

Refren:

The restlessness
You're in my head
I cannot get you out
Hot on my lips
Taste of your kiss
I just can't live without
The restlessness(4x)

Seconds turn to minutes,
And the minutes turn to hours,
And the hours turn to days,
And the world goes round
(And round)

Seconds turn to minutes,
And the minutes turn to hours,
And the hours turn to days,
And the world goes round
(And round)
