

## Slab of Butter (Scorpion)

Miley Cyrus

I'm 'bout to get fucked up, wanna get fucked up?  
Fucked up  
[x4]

The only laws I obey, the ones I'm makin' for myself  
So why you make me play on the rules of someone else?  
Self control is not something I'm working on  
We fuck, you turn me on, so I can say about you

I feel like a slab of butter that is melting in the Sun  
Aggression melts away now that you and me are one  
Now that you and me are one  
Now that you and me are one  
You turn me on [x4]

Nature made a hole and now it's open, full of sweat  
Like a scorpion, on fire, stinging myself to death  
I get extinguished but it's instinctual  
We fuck, you turn me on, is all I can say about you

I feel like a slab of butter that is melting in the Sun  
Aggression melts away now that you and me are one  
I feel like a slab of butter that is melting in the Sun  
Aggression melts away now that you and me are one  
Now that you and me are one  
Now that you and me are one  
You turn me on [x4]
