

Unholy

Miley Cyrus

I'm a little drunk, I know it
I'ma get high as hell
I'm a little bit unholy
So what? So is everyone else

I'm a little drunk, I know it
I'ma get high as hell
I'm a little bit unholy
So what? So is everyone else

Wake up in the middle of a breakdown, yeah, uh
Have sex on the table with the takeout (Uh)
I'm sick of the faking, the using, the taking
The people calling me obscene
You hate me, you love me, you just wanna touch me
I'm only trying to get some peace
So let me do me

I'm a little drunk, I know it
I'ma get high as hell
I'm a little bit unholy
So what? So is everyone else (Hey)

I'm a little drunk, I know it
I'ma get high as hell
I'm a little bit unholy
So what? So is everyone else

So what? So is everyone else
So what? So is everyone else

I'm a little drunk, I know it
I'ma get high as hell
I'm a little bit unholy
So what? So is everyone else

So what? So is everyone else
So what? So is everyone else
Yeah
