

# Between Two Worlds

Mili

Oh, it's this time of the year  
A very so merry night we hold dear  
So many, so many regrets bring me to tears  
Not many, not many notice nor care

Oh, my Saviour  
Oh, why does a common fire hold so much power?  
If only we could be forever naive and pure  
If only we could lead painless futures  
If only there could be a forgiving world

Maybe, maybe that was when  
I chose to stay fallen  
Lights, a star, a voice  
A twisted thought

A touch (a touch), a kiss (a kiss)  
A distorted dream  
Ripples (ripples), a well (a well)  
A stone (a stone)

A multiplying desire (desire)  
A fruit (a fruit), a sin (a sin)  
A holy mother (a holy mother)  
I'm infected, I'm infected  
You have invaded and re-created me

Stepped over my body (over my body)  
Found a sunny spot, curled into a ball  
Spinning out the silk from my head to toe  
Inside the warm cocoon, I dreamt to be like you  
Though I know there's no undo  
What do I have left to lose?

Split, a sky  
An earth, I fell into a crack (a crack)  
A birth (a birth), an egg (an egg)  
A freshly opened membrane

A cell, a rot  
A face returned to ashes  
A wound, an art  
A sentient canvas

Breaking, breaking, breaking the shell  
Breaking out, oh, break it now  
Show me how, show me how  
Listen up, my broken child  
Let's lament (let's lament)  
Let's lament (let's lament)  
The life, the death, the good, the bad

The never-ending curse we cast  
Control, control, control, release  
Control, betray, control, let go  
Conceal, reveal, unreal, surreal  
Invoke, evoke, decode, reload

Let's lament (let's lament)  
Let's lament (let's lament)  
The past that only got to live in the incomplete holy land

Celestial (ayiah)  
We're astral (ayiou)  
I'm reborn (le rheaiah)  
Total liberation (katre o lamenta)  
My tender skin  
A vagitus song (essential)  
I breathed (eventual)  
And screamed (eternal)  
From my new lungs (inevitable freeing of the soul)
