

I'm falling into your skin  
Sinking deeper, deeper, ah  
I'm drowning into your crystal eyes  
Breathing no more, no more, ah

I'm standing at the edge of reality  
Will you miss me  
If I take a leap?

One, two, three  
Count with me  
All the layers covering me  
Dissolving me

Pick off your scabs  
Embrace your naked self  
Oh, peel them off, peel them off, peel them off  
Pick off your scabs  
Embrace your naked self  
Oh, peel them off  
Oh, peel them off

I'm rotting inside my shell  
I'm left behind  
Left to decay

I'm rotting  
I'm rotting, I'm rotting  
I'm rotting, I'm rotting  
I'm rotting, I'm rotting, I'm rotting
