I thought I was meant to be alone  
Thought I was done claiming my own identity  
Out of options for who I can be

When moments like that creep upon  
Look down  
Every step you took toughened the world

Light up the fireworks  
To the ocean it goes  
Reaching you through the rivers  
And I'll stay yours  
No matter sunrise, nightfall  
Although I may be flawed  
We'll walk together  
(Hello flowerworks, hello flowerworks)  
A flower for you, a flower for me

I thought I was strange  
That I don't belong  
So I sucked it up and moved on  
But I'm not convinced  
Deep inside  
I don't think I'm wrong

When moments like that creep upon  
Look down  
Every step you took toughened the world

Lu, la-la, li-la  
Let the magic take control  
Li-la, lu-la  
It's there wherever you go

When moments like that creep upon  
Look down  
Every step you took toughened the world

Light up the fireworks  
Up the mountain it climbs  
Raising you up from the earth  
And I'll stay yours  
No matter sunrise, nightfall  
Although I may be flawed  
But aren't we all  
(Come and fly with me now)  
(Come and fly with me now)  
We'll stay dreamers

Light up the fireworks  
To the ocean it goes  
Reaching you through the rivers  
And I'll stay yours  
No matter sunrise, nightfall  
Although I may be flawed  
We'll walk together  
(Hello flowerworks, hello flowerworks)

A flower for you, a flower for me
