

# Gluttony

Mili

Hmm  
Gushing in  
My sweetie, my sweetie  
Your loyalty is my candy  
Will you love me, love me, love me, love me  
Till your blood runs empty?

One more  
Just one more  
Just one more  
Let's turn off the lights  
One more  
Another  
Another  
Why don't you stay for the night?

Overflowing  
My darling, my darling  
Your daringness tastes like cherry  
And the blood boiling inside me, inside me  
Is leaving a mark on your skin

Why don't you fall with me?  
Into our own abyss  
Make our own discoveries  
And name the pleasures yet to exist  
There is nothing we can't fix  
With your overly trusting kiss  
And the flower on your neck keeps me alive  
Maybe this is just a trick  
To lock you at my fingertips  
"I have never known what love is up to now"
