Melting caramel drizzled
Over my baked custard pudding
Softly embraces my taste buds
Deliciously
Maple syrup covered recipe

Lu-la-la, li-lu-li-la
Curled up under my blanket
Lu-la-la, li-lu-li-la
Made out of fluffy omelette
So many flavours to explore
I have to eat more

Candied ginger slices (La, la-la, la, la-la)
In between your rosy lips (La, la-la, la, la-la)
One kiss is not enough for my (La, la-la, la, la-la)
Sweet, sweet tooth (La, la-la, la)
Your eyes flicker like marbled champagne
With pomegranate tea and dreams
A little bit spice, a little bit salt
A little bit sugar to top it all
Rosemary cardamom anise
The flavours you taught me puts me at ease
Love melts in my mouth
Dissolves my doubt
Paprika and parsley
Dance with me now
No matter how far you go
I'll always let you know

(Kristi vechuna es tilia)
(Hon deli e kasum ciella)
(Lihie hanx ne tellehe)
(Ccuccu ni ha quatrolle he)

That every moment I've spent with you is an everlasting view
I'll shape my thoughts into little cubes
And dip them in chocolate fondue
Across the sea and the land and the breeze
I bet that you're feeling lonely
You must be hungry waiting for me
Me
With you and me
Together
Have faith in me
Engine powered by bitter memories
Penetrate time and space
I'm flying across milky way
So don't be late
