

Do It Faster

Militarie Gun

I've waited long enough
The plans are off
Ain't nothin' to do in the day
Ain't nothin' to do but wait
Find myself just sitting around
Push me up, push me out

Waste my time, waste my life
As I sit and wait for you
I don't see why it's up to me
Why I got to be your stooge
Ooh-ooh

Don't get yourself too winded
Tryna get up, get out of bed
Still here, just waiting around
Push me up, push me out, out

Waste my time, waste my life
As I sit and wait for you
I don't see why it's up to me
Why I got to be your stooge
I don't care what you do
Just do it faster
Spend your time getting high
Plans are off, the day is doomed
Ooh-ooh
