

Rockabye Billy

Milk in the Microwave

Rockabye Billy
Please don't you cry
It's not your fault
You have that strange eye
Stay safe with Mommy
You'll never fall
And we'll always love you
Sharp angles and all

Rockabye Billy
Please don't you cry
It's not your fault
You have that strange eye (Have that strange eye)
Stay safe with Mommy
You'll never fall
And we'll always love you
Sharp angles and all

Rockabye Billy
Please don't you cry
It's not your fault
You have that strange eye (Have that strange eye)
Stay safe with Mommy
You'll never fall
And we'll always love
You murdered us all

Why did you do it?
