

Dance 2 Forget

Milk Inc.

Waiting, waiting, waiting
For my life to begin
Too much, too much, too much
Too much time's been wasted
Crying over
Someone who couldn't see
That I was giving the best of me
Always taking taking taking
Taking me for granted
But tonight I'll

Dance
I just dance 'till I forget
Forget about you
Just dance
I just dance 'till I forget
Forget all about you

Just...

Dance
I just dance 'till I forget
Forget about you
Just dance
I just dance 'till I forget
Forget all about you

Just dance to forget
Just dance to forget
Just dance to forget about you
Just dance to forget
Just dance to forget
Just dance to forget about you

No more, no more, no more
Tonight I'm out the door
I don't, I don't, I don't
I don't know why I've been stressing over
Someone who couldn't see
That I was giving the best of me
Always taking, taking, taking
Taking me for granted
But tonight I'll

Dance
I just dance 'till I forget
Forget about you
Just dance
I just dance 'till I forget
Forget all about you

Just...

Dance
I just dance 'till I forget
Forget about you
Just dance

I just dance 'till I forget
Forget all about you

Just dance to forget
Just dance to forget
Just dance to forget about you
Just dance to forget
Just dance to forget
Just dance to forget about you
