

# Fire

Milk Inc.

Overload  
One more push and I explode  
Breaking news  
I am this close to blowing a fuse

If you can't take flames  
Then you shouldn't play games  
Can't take the heat  
Pack your bags and retreat

If you can't take flames  
Then you shouldn't play games  
Can't take the heat  
Pack your bags and retreat

You're playing with fire, fire  
Burning inside of me  
You're playing with fire, fire  
Burning inside of me  
Haven't you learned  
Playing with fire you will get burned

You're playing with fire, fire  
Burning inside of me  
You're playing with fire, fire  
Burning inside of me  
Haven't you learned  
Playing with fire you will get burned

Red alert  
Stand too close you'll get hurt  
Don't you know  
That I warned you to let it go

If you can't take flames  
Then you shouldn't play games  
Can't take the heat  
Pack your bags and retreat

If you can't take flames  
Then you shouldn't play games  
Can't take the heat  
Pack your bags and retreat

You're playing with fire, fire  
Burning inside of me  
You're playing with fire, fire  
Burning inside of me  
Haven't you learned  
Playing with fire you will get burned

You're playing with fire, fire  
Burning inside of me  
You're playing with fire, fire  
Burning inside of me  
Haven't you learned  
Playing with fire you will get burned
